

1. Go to the website <https://zyx.network/wallet.php>
2. Download and install an application, suitable for your operational system

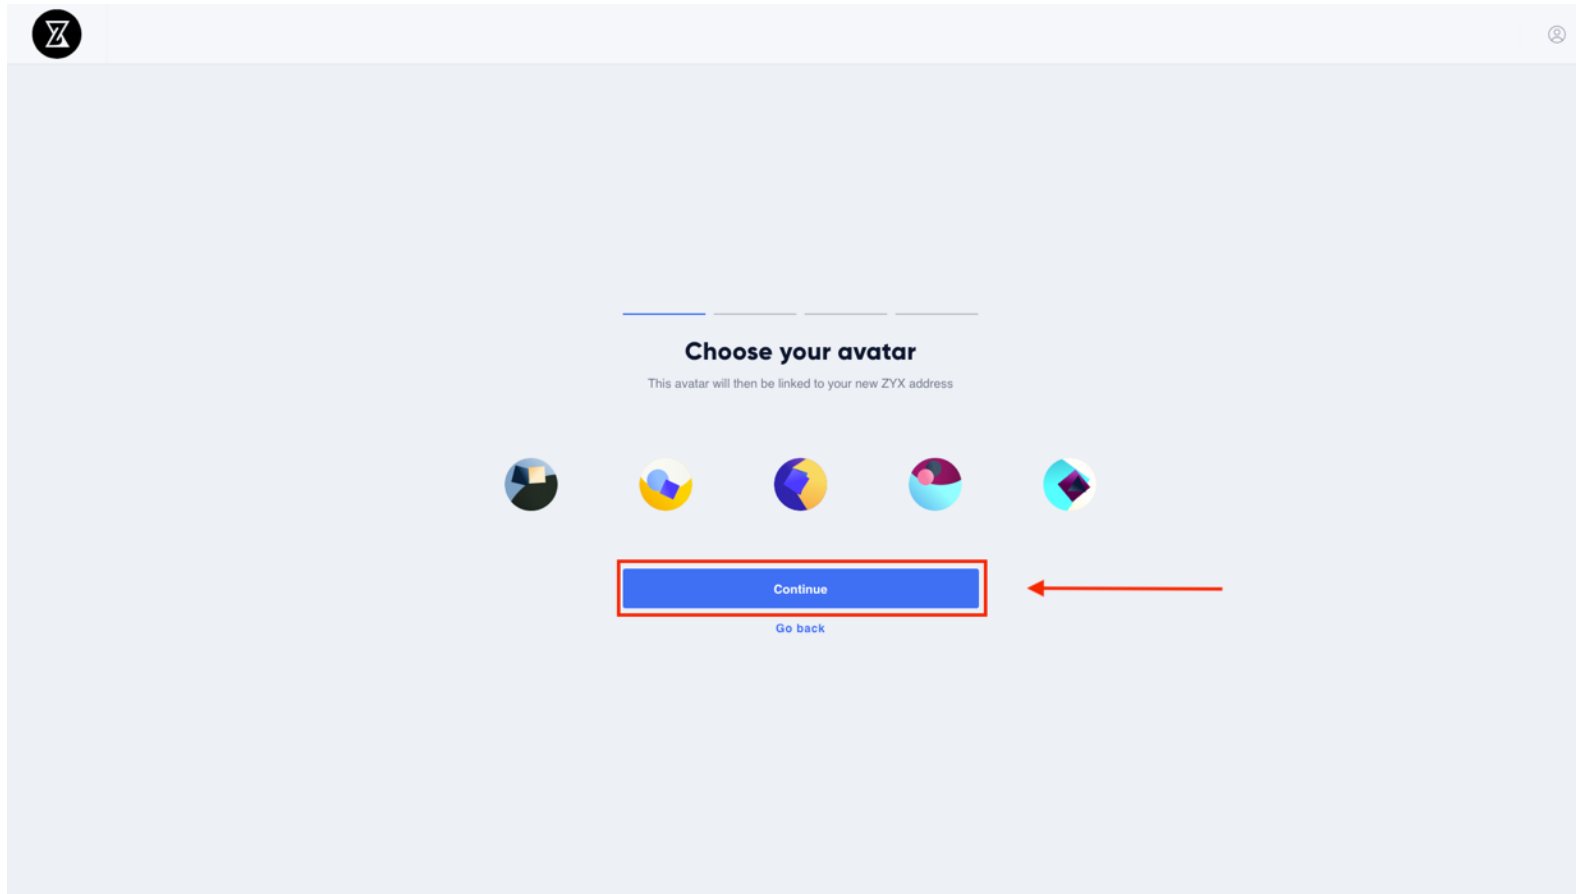

3. Open the application ZYX Wallet and click the link “Create it now”

The screenshot shows the ZYX Wallet sign-in interface. At the top left is the ZYX logo. The main heading is "Sign in with a Passphrase". Below this, there is a link "Create it now" which is highlighted with a red box and a red arrow pointing to it from the right. Underneath, the "Passphrase" section asks the user to "Please type in or paste your passphrase below." and includes a "Show" toggle. The passphrase input is a white box with 12 numbered slots (1-12) for characters. Below the input is a checkbox for "Enable discreet mode when signed in (optional)". A blue "Sign in" button is centered below the input. At the bottom, there is a link "Explore as a guest" for users who don't want to sign in now.

#### 4. Choose an avatar you like and click the button “Continue”

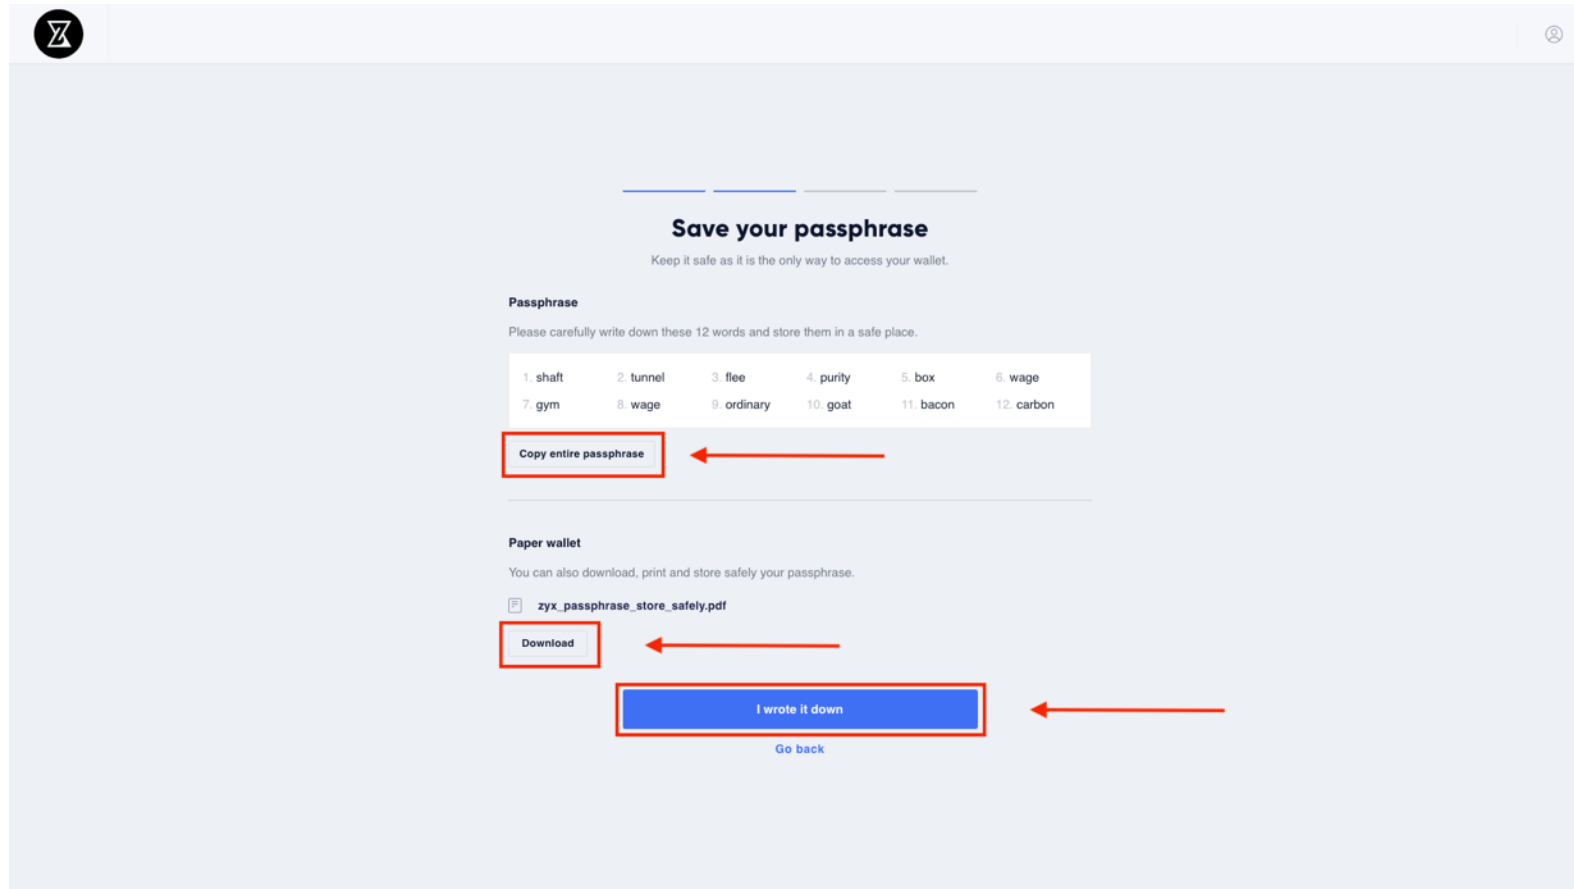

5. Write down and save your passphrase in the most convenient way:

- Copy to the clipboard, clicking the button “Copy entire passphrase”
- Download file with a passphrase in pdf format, clicking the button “Download”

6. **ONLY** once you have ensured that you’ve saved your passphrase securely, click the button “I wrote it down”

**ATTENTION!**  
**WE STRONGLY RECOMMEND TO REGISTER THE WALLET BY YOURSELF AND KEEP THE PASSPHRASE IN A SAFE PLACE. IF YOUR PASSPHRASE IS LOST, IT WILL BE IMPOSSIBLE TO RESTORE IT**

7. Enter the appropriate words from the passphrase in the indicated fields to confirm it

8. Click the button “Confirm”

**Confirm your passphrase**  
Keep it safe as it is the only way to access your wallet.

**Passphrase**  
Please carefully write down these 12 words and store them in a safe place.
